

Caregiver

OF THE MONTH

Kathie Powless has been named
Moran & Goebel's November Caregiver of the Month

Kathie has worked at the Veterans Assistance Commission of Macon County for almost fifteen years and she loves her job. "Everyday is different and I am passionate about working with veterans," said Powless.

On a daily basis, Kathie helps veterans file claims for their health benefits and VA benefits. "Some of the veterans we help have no where else to go. Whatever we can do for veterans, we will do." Prior to working at the Veterans Assistance Commission of Macon County Kathie spent fourteen years active duty in the Navy so she knows first hand what it means to be a veteran and to serve our country.

The Caregiver of the Month program honors Kathie Powless and the many others like her for the amazing work they do every day. Visit our website to read about Kathie and other inspiring Caregivers.
