I'm so very sorry for your loss. I just adored Kim. Her laughter, love for life and amazing smile. Every time I ran into her we'd catch up on life in 5 minutes. The only other person in life who could talk as fast as I could. I could literally not see her for 2 years and within 5 minutes we were all caught up. Crying, laughing, hugging and smiling. I'm so grateful I had the opportunity to know her.
