We will never forget how kind Bill was to show us and our sons, Tony and Ben, around Emory University when Tony was looking at colleges. Bill encouraged Tony to enroll there, which he did. We also enjoyed our times together with Bill, Lori, and especially Bill's sister and brother-in-law, Chérie and Jim Klein. Ken and Francie Bouillion

I worked with Bill at DMH. We hit it off immediately when he came with similar senses of humor. We enjoyed many laughs together. He was a good man and GREAT clinician. My thoughts and prayers go to he and Lori's family during this difficult time.

With much sadness I learned of Bill and Lori's passing. Bill was the Bible boy in my 1962 wedding to his "Uncle Kenny." His sister was the flower girl and his mother the wedding coordinator. After we moved we lost touch, except for the family photo Christmas cards received through the years. When we reconnected several years ago, Bill was the same loving man as when a little boy. May God's peace and comfort rest upon the family. Ruth Wright Hoffer

Dear Bill, You are dearly missed, and track events will never be the same without you. You shaped me into the driver I am today, and I could never thank you enough. We shared so many great moments on the track—and just as many laughs trading stories afterward. No one could ever fill your spot in my heart. I know you're watching from above, and I'll do my best to keep you proud. See you again someday, my dear friend—we'll take some laps together once more. With gratitude and friendship, Lisa

Dr Frame was such a wonderful teacher and someone I considered a friend. Even though I was "just a nurse," he would often ask how I was doing and was always willing to answer any questions I had about certain medications and procedures. Was he ever smart!! He also wrote a letter of recommendation for me when I began travel nursing and I attribute my being able to get started to him. I will forever be thankful for him being in my life. He always spoke so lovingly of Lorie and I loved to hear about their adventures. I hope Heaven is fun for him. He and Lorie both deserve nothing more than the best. I will be praying for their boys, family, and friends during this horribly tragic time. I am so sad he's gone. Way too soon.

I worked with Bill at DMH and then St.John's Hospital, he would always walk around with a smile on his face. He made it a point to say Hi and ask how I was every time I would see him. I always knew our patients were in good hands with Bill as our anesthesiologist. He will be greatly missed.
